Americans are jubilant over their contestants winning the Marathon race, which was for twenty-six miles——A communication has been sent to President Roosevelt asking him if he intnds to enforce a decree of court made some time ago against certain railroads forbidding increase in rates. If so they ask for contempt proceedings against certain railroad companies for ignoring the court decree——Mr. Taft spent yesterday in New York city and left late in the day for Cincinnati to meet the notification committee next Tuesday——The eight West Point cadets who were suspended for hazing have laid their case before Secretary of War Wright who will take the matter up as early as possible——The Sultan of Turkey yesterday decided to convoke a parliament and by this means restore the constitution of 1876. The action of the Sultan was undoubtedly caused by the general revolt in the Turkish army——Five hundred American sailors from the New Hampshire showed to good advantage in the grand military and naval review, which was the feature of the Quebec celebration yesterday——Miss Amanda Moss, who was shot by her rejected sweetheart Benjamin Gilbert, in Norfolk, died last night——The funeral of Bishop Potter, was conducted from historic Christ Church, at Cooperstown, N. Cotton closed quiet, middling uplands 10.80, middling gulf 11.05.

The West Point authorities are taking the right course to break up hazing.

We suppose Mrs. Stetson knew what she was about when she married that Portuguese count.

The election returns in November will show the absurdity of the Republicans' claim as to North Carolina.

The Democratic committee has put the management of the State campaign in good hands. Mr. Eller will put up a hot fight.

The newspapers are not yet through poking fun at Hobson because of the suppression of his speech made at the Denver convention.

What we would like to know is why Baxter Shemwell thought it necessary to draw two pistols on Conductor Smithers?

Evidently Mr. Roosevelt does not consider the Standard Oil Company one of the good trusts. Then why hasn't he suppressed it long ago?

We congratulate the Agricultural college and the State on the wise selection of a president for that institution made by the board of trustees.

The Democratic Committee is getting things in shape for opening the campaign. There will be something hot besides the weather in this State before long.

North Carolina's delegation in the next Congress will be the same as the present, with only one exception. Brooks will succeed Kitchin in the Fifth distrnct.

If that fellow Eberhard was not insane when he killed his aunt he has probably been driven to insanity by thinking of the horrible crime he committed.

Accidents on our warships are becoming distressingly frequent of late. The boiler tubes have a way of bursting which would indicate that the material is of very poor quality.

You folks who think Bryan will not carry North Carolina will be mightily surprised when you read the election returns in your morning papers on November 4th.

Our party leaders seem to be having much trouble in securing a man to conduct the Presidential campaign. The man who pilots Mr. Bryan to the White House will win great reputation for himself.

IN RALEIGH TODAY

Chairman A. H. Eller Arrives and Will Open Democratic Headquarters Soon.

COMMISSIONS BY GOVERNOR

Frank Perdee Sentenced to Five Years Pardon is Asked For "Buck" Register, of Columbus County—News Notes.

(Special Star Telegram.)

Raleigh, N. C., July 24.—A. H. Eller, the newly elected State chairman of the Democratic Executive Committee, spent the day here in conference with party leaders and casting about for suitable headquarters from which to direct the pending campaign. Headquarters are to be opened probably within a week and Chairman Eller will come to Raleigh for the campaign period from his home at Winston-Salem.

Commissions are issued by Governor Glenn to Joseph G. Brwon, of Raleigh, as a member of the State Board of Public Charities to succeed Edgar L. Horton, deceased, of Pollocksville; H. C. Dockery, of Rockingham, a member of the same board to succeed W. F. Craig, Marion, deceased. Also a commission to R. S. McCoin, Henderson, a member of the State Central Hospital Board, Raleigh, instead of Dr. J. G. Hunt, of Oxford, deceased.

In Wake Superior Court this morning Judge Walter Neal imposed a sentence of five years at hard labor in the penitentiary on Frank Perdee, the young white man, former car inspector for the Seaboard Air Line, convicted of stealing hams from a freight car on the Seaboard freight yards here last March while he was serving as car inspector. Perdee grew up in Raleigh and bore a good character. He has a wife and four small children.

Governor Glenn is being urged to grant a pardon for H. B. Register, a former prosperous farmer and United States Commissioner in Columbus county, now serving a life sentence in the penitentiary for being an accessory before the fact in the killing of Jim Staley, a negro of the neighborhood by his son, Jabel Register, who was hanged for the crime. The wife and three daughters of the old man, H. B. Register, are here to make an appeal to the Governor in behalf of the man who is reported to be in very feeble health. The contention is being set up that the negro was not killed at all and that the body that was found and charged to have been Staley was not him at all and that Staley went to New York for four years, then came back and that it was this same negro who shot Revenue Officer Reece in Moore county some months ago, and that the prosecution of the Registers was really a conspiracy by some enemies of the family. Governor Glenn says he will institute a careful investigation into the case.

A charter is issued for the Tar River Lumber Co., Rocky Mount, capital $300,000 by M. L. Groom, E. T. Anderson, of Rocky Mount, and a number of Northern capitalists. All the capital is subscribed and the corporation is to do a general lumber, milling and woodworking business.

Captain T. M. Arrington, of the State prison management has gone to Richmond county to attend the funeral of W. E. Crossland, member of the board of directors who died yesterday.

Colonel Fred A. Olds and his band of Sunshiners returned today from Beaufort where ten days were spent on a delightful outing. There were forty boys and sixty odd girls, the latter being under the chaperonage of Mrs. C. H. Gattis, Mrs. John E. Ray and Miss Annie Duncan. The party had two boats chartered for the time they were there and spent the time fishing, sailing and having a good time generally. The boys occupied the armory of the naval reserves and the girls, Odd Fellows Hall, meals being served in the grove adjoining the Odd Fellows' building.

Two Burglaries Reported Yesterday.

Two small burglaries were reported to the police yesterday. The saloon of Mr. E. M. Cheek, on lower Market street, was entered by sneak thieves who took a panel out of the front door and rifled the cash register, securing $5 or $6 and taking several bottles of case goods from the place. It was also reported that the residence of Mrs. Dunn, which is unoccupied while the family is at the beach, was entered at Seventh and Princess streets, but what was stolen was not learned by the police.

Dress Suit Case Recovered.

The little daughter of Mr. and Mrs. J. Wallace Carmichael had the misfortune to lose a leather dress suit case on one of the cars on which she was returning from Wrightsville Beach early yesterday afternoon. Persistent search for the missing property failed to find it upon arrival in the city, but last night the property was recovered at Lumina by Constable Savage. It was found under one of the seats at Lumina, evidently hidden by some thief who expected to carry it away later. However, there is no clue.

CONFESSED MANY THEFTS

Nearly Wagon Load of Various Articles Recovered by Police Yesterday Upon a Clean Breast by Barnie Leard.

Nearly a wagon load of clothing, shoes, hats, jewelry, fire arms, musical instruments and other articles were recovered yesterday by the police upon the confession of the young white man, Barnie Leard, arrested several days ago and jailed on the charge of stealing a kit of surgical instruments from the office of Dr. J. T. Schonwald.

The only excuse pleaded by Leard for his multitudinous operations, which seem to have extended over a period of several weeks, was that he is a drug fiend and was not responsible for his actions. He went about his petty burglaries in such a cool, deliberate manner as to completely baffle the police and a number of robberies that were not even reported came to light with his confession yesterday. Accompanied by Officers Leon George and R. L. Rouse, the latter having secured the confession the young man led way to a number of places where he had disposed of the various articles which he had stolen. The first trail led to the restaurant of Fannie Shepard, a colored woman, at the foot of the market house where a lot of silverware had been sold, Leard representing to her that he was breaking up housekeeping and was selling off the articles. He sold to the woman at different times and a number of pieces of silverware were recovered and later carried to the City Hall for identification by the owners. Less than $3 had been paid for the entire lot.

Next Leard led the officers to the second-hand store of W. J. Davis, on Second street, where a quantity of the goods stolen from Mr. John Poole's room were recovered; also a meerschaum pipe stolen from office of Dr. J. B. Cranmer; law books, the property of R. G. Grady, Esq., a clock, silver pitchers and four large mirrors which Leard said he got from houses near Dr. Schonwald's office. Later four warrants yere issued by the Mayor for Mr. Davis, charging him with receiving the stolen goods. Other articles were found at various other places but at the second-hand establishment of Samuel Rosenbaum, on Market, between Front and Second streets, a silver cornet stolen from Mr. S. A. Schloss and valued at something like $150, was found, the sale having been made for $1.50; a tray of tools was also identified by a workman who had been remodelling Mr. Walter Smallbones' residence, on South Third street. Warrants charging Rosenbaum with receiving were also issued.

To cap the climax Leard told Chief Williams that a fine Colt's revolver, which had been recovered with the other goods, had been stolen from the chief's office at the City Hall one day while police court was going on. The property remains at the City Hall, awaiting identification by the owner or owners. Leard will be given trial in he police court today on the additional charges against him.

BIG EXCURSION YESTERDAY

Over Two Thousand Visitors in City and at Seashore Yesterday.

The Sunday School excursion over the Seaboard Air Line arrived yesterday morning in three sections of 32 coaches between 10 and 11 o'clock and brought more than 2,000 visitors for a day in the city and at the seashore. One section of 11 coaches bringing 700 people came from Lumberton and was in charge of Mr. Frank Gough, the well known excursion manager, while a second section was from Clarkton and a third from points between Hamlet and Lumberton. The large number of people were very quiet and orderly and spent a most pleasant day, returning last night at 8. 8:15 and 8:25 P. M. respectively. So successful was the excursion that the schools up and down the Carolina Central propose to make an annual affair of the outing.

HAYS SKIPPED BOND

Believed to Have Been Defrauding Public by Asking Aid.

The Mayor had another busy session of the police court yesterday morning, having some ten cases to claim his attention. Among those on the docket yesterday was the case against Harry Hays, who it will be recalled was arrested Thursday afternoon charged with soliciting aid on the streets. It was called and the defendant failing to appear, his bond was forfeited. It is now the opinion that it was not his intention to have the necessary operation on his arm, as was advised by Dr. Bulluck, but was otherwise defrauding the public by asking aid for this purpose.

O. E. McCain, colored, for the larceny of a purse containing thirty cents from a colored woman, was sent over to the Superior court under a $25 bond.

RACES AT LUMINA

Swimming Event Will Take Place in Sound—The Ocean Races.

On account of the rough sea the swimming races that were to take place in the ocean this afternoon will take place in the sound instead. This will necessitate a slight change in the arrangements, but the races will be none the less exciting for that. The first event will be the short distance race, the course being from the trestle to Lumina. The entrants for this event are Mr. Burke Bridgers, Preston Cumming, Jr., Mr. Bennett Dunn, L. J. Kahn, D. Murchison, R. Stevenson. Theodore Smallbones, W. Munds.

The next event is the long distance race which will be from Moore's Inlet to Lumina. The entries for this race are Max. Fargusson. C. W. Claflin, Walter Barnes, W. Waters, H. P. Keane.

Cups will be given for the winner of each race. The races will start at 4:30 P. M.

Whether the canoe sailing races will take place on the ocean side of Lumina this afternoon will depend upon the condition of the weather. If the sea is rough, they will be called off.

CRASHED INTO BUGGY

Messrs E. C. Holt and R. R. Bellamy Injured in Automobile Crash Yesterday.

ON WRIGHTSVILLE TURNPIKE

Big Machine Rapidly Driven Struck Them on Curve on Delgado Mills—Warrant For Chauffeur—Narrow Escape.

Serious consequences were narrowly averted yesterday afternoon on the turnpike on the curve near Delgado when an automobile speeding at fully 50 miles an hour crashed into a buggy occupied by Mr. E. C. Holt, president of the Delgado Mills, Mr. Robert R. Bellamy, the wholesale druggist, and his 12-year-old son, Hargrove Bellamy, injuring the first two very painfully and completely wrecking the buggy.

Messrs. Holt and Bellamy and the latter's son, were on their way to the baseball game and the machine was being driven by Mr. Carter, a chauffeur, sent to Wilmington by the Maxwell Automobile Company to overhaul a machine of Mr. W. H. Sprunt, and Messrs. "Buck" and W. H. Newkirk, were the other occupants. The accident occurred almost directly in front of the Delgado mill offices, shortly before 4 o'clock.

The reckless driving of the machine coupled with the fact that a short curve was within 15 yards from the buggy, this obstructing the view of both, is attributed as the cause of the accident. Mr. Holt was carried to the James Walker Memorial Hospital where the wounds on his head, caused by being thrown in the road, also a cut on his left ear, were attended and Mr. Bellamy, who was badly shaken up and otherwise slightly injured was carried to his home on corner Fourth and Market streets where he is under the care of physicians. Hargrove Bellamy was sitting in the lap of Mr. Holt and he made a timely leap from the vehicle and escaped without the slightest injury.

The facts as given by Mr. Holt last night were to the effect that they were driving along quietly and when they reached the point named, the big automobile very suddenly swung around the curve. Realizing in an instant the rapid approach of the auto, Mr. Bellamy lashed his horse to enable them to get as far as possible to the right of the road and further seeing that the chauffeur had lost control he struck his horse again and the ainmal jumped over in the ditch as the auto side-swiped the buggy, crashing the vehicle against a tree on the side of the road and dumping the occupants. Mr. Holt was thrown to the left side of the buggy and fell headforemost to the road sustaining the wounds as above mentioned. He stated that it was very remarkable that the rear wheel of the auto did not pass over him. Mr. Bellamy landed to the right of the machine and between the wheel, also being badly bruised. The horse was not hurt.

The machine rolled on for a hundred yards or more before it checked up and the Messrs. Newkirk returned to the scene of the accident on foot. Heated remarks were exchanged between them and the occupants of the buggy and one of them, as was stated by Mr. Holt last night, threatened to assault Mr. Bellamy. The chauffeur was asked to return and look at the damage, but he refused to leave the machine. Quite a crowd of others who were on their way to the ball game, gathered around and the injured men were cared for by friends.

As soon as Mr. Holt was able to leave the hospital he went to the City Hall and a warrant was sworn out for the chauffeur. No arrests had been made in the case late last night. Marsden Bellamy, Esq., has been employed to represent Messrs. Holt and Bellamy, when the case comes to trial, and they signify their purpose to push the case to its utmost.

The Weather Yesterday.

The maximum temperature at Wilmington yesterday was only 86 degrees and a refreshing breeze cooled the atmosphere all day. Early in the day a northeast storm warning was issued on the strength of a slight depression off the east coast of Florida, moving northward, but early in the night the warning was recalled. There were showers last night and promise of cooler weather today. Thursday when the temperature was 88 maximum here, other stations in the Wilmington district reported as follows: Charlotte 90, Florence 90, Goldsboro 95, Greensboro 93, Lumberton 92, Newbern 95, Raleigh 90 and Weldon 96.

SPIRIT OF THE PRESS.

The above is the neading of an article in the New York Press which is classed as an independent Republican paper. It is on the tone of the press as to the outlook in the Presidential contest. The paper starts out by saying that it hopes the "managers of Mr. Taft's campaign will not be so lightheaded and incompetent as to make their campaign on the theory of General Keifer that it would take a miracle to land William J. Bryan in the White House." It says such view is a "rainbow chaser." "Confidence," it says, "is a good thing for any man who goes into a fight with the determination to win, but over-confidence puts a premium on the carelessness and stupidity that throw away victories that might be won with zeal and courage." The Press makes the further statement that "the truth about Bryan's chances is that the most trustworthy political opinion confesses they are far better than they were in 1896 and 1900; that close observers place the entire South, including the new State of Oklahoma, in the Bryan column; that they concede to him the border States of West Virginia, Maryland and Delaware; that these States, with the Solid South will give him 176 votes in the electoral college, with 242 necessary to a choice. And there the Press makes this statement, remarkable as coming from a Republican paper: "Then everybody who knows anything at all about the country beyond the Mississippi river knows that the far West is radical to a degree that may be called rabid. Mr. Bryan represents, and will represent in the minds of the voters of that territory, the next best exponent of the radicalism up to which President Roosevelt has educated them. These voters believe thoroughly in everything which Mr. Roosevelt has done and they wanted him for a third term because they believed that he would do more along radical lines. They will incline to the candidate who looks to them like the man to go on to hotter radicalism. The States of that kind are Colorado, with 5 votes in the Electoral College; Idaho with 3, Montana with 3, Nevada 3, Utah 3, and Wyoming 3. All indications this year are that Mr. Bryan's own State of Nebraska, with 8 votes, is "wild" for him again as in 1896. In those States there are 28 Electoral College votes, which, with those of the South, make a total of 204—with only 38 to go to make the needed 242."

The Press says the Pacific coast is debatable ground; that the LaFollette voters in Wisconsin are an uncertain quantity because their principles were practically ignored by the Chicago convention. It looks for Governor Johnson's influence to do big things for Mr. Bryan. Illinois, Indiana, Connecticut and New Jersey, with their immense Union labor vote, it says, can be counted on as Republican this year only on the theory that for once the men out of work will fail to "vote against the government."

This is the way the situation appears to a paper which in the article expressing such opinion, says that the best interests of the country require the election of Mr. Taft and that it would be a disaster to the country to have Mr. Bryan as President.

THE STANDARD OIL DECISION

Standard Oil stock has been on a boom since the decision of the Circuit Court of Appeals overruling Judge Landis' judgment imposing the big fine. We suppose Mr. Roosevelt's announcement Thursday that the prosecutions of the Oil trust would be pressed despite the decision of the court, was for the purpose of counteracting any political effect the decision of the appellate court might have in view of the often made prediction that that company would never be forced by the present administration to pay the fine. Of course there was no politics in the action of the court. The judges in overruling the lower court declared what in their opinion was the law in the case. It is to be presumed that they properly construed the law applicable to this case. It would be presumptuous in a layman to make assertion to the contrary, and everyone should have too much regard for the judiciary to charge that the judges were actuated by improper motives. We take it that the decision of the Court of Appeals was correct. It is evident, however, that the administration fears the effect it will have on the approaching election; that it will injure the Republican cause, or Mr. Roosevelt would not have hastened into print with the statement as to what he was going to do regarding the prosecution of the alleged trust.

The New Zealand people are greatly excited over the approaching visit of the American battleship squadron. From the great interest they are taking in it, it is said, one would suppose they were American citizens rather than subjects of Great Britain. The fleet is expected to arrive August 9th.

The farmers may think it a great compliment to them that Mr. Bryan looks to them to supply the funds for the campaign, but they will think otherwise when the treasurer of the national committee begins to urge them to hurry up with the cash and they find out how much it takes to conduct a presidential campaign.

We suppose the Commoner is not the property of a corporation as its net proceeds from now till the election will be donated to the Democratic National campaign fund. Mr. Bryan would hardly make an exception in favor of such corporation even were he the chief stockholder.

CURRENT COMMENT.

—Capt. Hobson, of the Merrimac fame, seems to be another man in whom there is a vast difference between what people think of him and what he thinks of himself. He is another who was so severely sat upon by the Denver convention.—Laurinburg Exchange.

—The Free Press has always favored a primary as the fairest and most satisfactory way of nominating county and State officials. Especially do we think that a primary is desirable in the nomination of county officials. These are the men that come in closest touch with home affairs and they should be chosen by a full and free expression of the voters. This full and free expression can best be had by means of a properly conducted primary.—Kinston Free Press.

—The Robesonian: Work has been resumed on the Virginia and Carolina Southern railroad. About 25 or 30 hands are now at work cutting out the right of way about a mile and a half northeast of St. Pauls in the big bay, which will probably hold them some time, as it is very thick and a mile across. Work will probably continue until some point on the Coast Line is struck. Messrs. J. F. L. Armfield and C. N. Blue were out on the road Friday and Mr. Mills, of the Raleigh and Southport, was with them.

—At a dinner during the recent Episcopal Convention at Richmond a young lady sitting near the Bishop of London said to him: "Bishop, I wish you would set my mind at rest as to the similarity or dissimilarity between your country and ours on one point. Does the butterfly because the tomato can?" The Bishop laughed heartily at this vivacious sally. Not so a young Englishman of his party, who, after dinner, sought his host. "I want to know, you know," said he, "about the joke of Miss B——'s. She asked if butter flew because tomatoes could. Pray tell me what the point is."—Lillian Kendrick Bryan, 'n Lippincott's

—Taft was chosen by Roosevelt as his successor, and was nominated by the Roosevelt machine at the direction of Roosevelt. From the first the State asserted that Taft was Roosevelt's man, and that if he were elected, Roosevelt would continue the dominating influence in the White House—the President in reality. Earlier than expected comes verification of Roosevelt's domination and Taft's subordination. The man chosen as the Republican standard bearer is hurrying to Oyster Bay to submit for Roosevelt's "judgment" and "criticism" what may be his "most important utterance of the campaign"—the speech to be made at Cincinnati to the notification committee. Roosevelt will add to and take from the "most important utterance" as it pleases him, and Taft, having "highest regard for the President's judgment," and "keenest appreciation of his wonderful ability for forceful expression," will accept all amendments. The "important utterances" may, indeed, all come from Roosevelt. Do the American people wish a man like Taft in the White House?—Columbia State.

—There is no desire on the part of the public that the railroads of this country be run at a loss, that the returns from work done be such as to cripple or impair the service or deteriorate the physical condition of the railroads; that the wages of employes be cut, or that there be not a sufficient return to the investor for the money he has placed in railroad enterprises. That is the feeling of the country at large when it reads of the proposed increase of freight rates just announced by the Southern Freight Association and the Southeastern Mississippi Valley Association which are to issue new tariffs which will affect the entire country, and in particular the South, which is now staggering along under freight rates seemingly high enough. Especially in North Carolina have the business interests and the people been afflicted with rates which in their extent are discriminatory against this State and in favor of other States. In cases it has been found to be prohibitive of business lines in which otherwise there might be competition with other States.—News and Observer.

—Mr. Asquith, the British Premier, has suceeded in carrying his Old Age Pension scheme through the House of Commons by an almost unanimous vote, only ten votes being cast against it. It will now go to the House of Lords, with a practical certainty of passing without amendment. According to the calculations of the Premier this scheme will not cost less than $30,000,000 the first year, but he frankly admits that it is impossible to calsulate how much it will eventually cost. Each old person of 70 years or more is to receive a pension which, although small, will aggregate a large amount, as it is estimated that there are more than 500,000 old men and women who will be entitled to the pension in the United Kingdom and Irelland. This movement has been very aptly described as a leap in the dark. No sooner will the law be in force than there will be a demand to lower the age limit and increase the monthly or weekly stipend, with every chance that in the near future the old pension scheme will be as great an incubus to the British taxpayers as our own war pension scheme is to us.—New Orleans Picayune.

Be sure and be in time.
Just in time with kidney ills
Means curing the back
Before backache becomes chronic;
Before serious urinary troubles set in
Doan's Kidney Pills will do this
Here is Wilmington testimony to prove it.

A. M. Wilson, 402 South Fifth street, Wilmington, N. C., says: "You can put me down as a strong and willing endorser of Doan's Kidney Pills, as I know them to be the best remedy to be had for kidney trouble. My back was very weak and lame and though I wore plasters and used liniments, I did not get any relief. The kidney secretions were so frequent in action that I had to get up several times at night and they also contained a heavy sediment. I heard so much about Doan's Kidney Pills that I decided to try them and got a box at Robert R. Bellamy's drug store. They cured me after other remedies had failed and it can be plainly seen why I am so willing to endorse them."

VADE MECUM HOTEL BURNED.

Went Up in Smoke Yesterday Morning at 3 O'clock—The Guests.

Not a little anxiety was caused early yesterday morning upon receipt of telegrams from Rural Hall containing the bare announcement that the main building of the hotel at Vade Mecum Springs, in Stokes county, had been completely destroyed by fire at 3 o'clock in the morning. The loss is estimated at $3,000 with no insurance. All the guests escaped without injury but many lost their personal effects. Later telegrams came giving assurances to the families of many Wilmington people sojourning there, among them being the family of Mr. John H. Kuck, Mrs. John J. Fowler and daughter, Miss Nellie Fowler, and Miss Mamie Stoljes, Mr. Jesse Wilder and Mr. C. W. Yates and Mr. and Mrs. Martin Schnibben.

Winston-Salem, July 24.—The hotel at Vade Mecum Springs, a popular Summer resort in Stokes county, was struck by lightning and destroyed at 3 o'clock this morning. All of the guests had narrow escapes. Many of them lost practically all of their clothing and other valuables. The loss is placed at $20,000 with very little if any insurance. The principal stockholder in the property is Mrs. Sparks, of Ohio, widow of J. H. Sparks, a well-known showman, who died at Vade Mecum four years ago as the result of blood poison which developed from a bite on the arm by a young lion. Dr. H. P. McKnight, of Southern Pines, was managing the hotel and springs this season.

Big Tomatoes.

Our venerable and esteemed friend Mr. Barzilla G. Worth is still active and alert notwithstanding his weight of years; and he has not lost his taste for gardening, as is evidenced by the fact that he has sent to the Star office seven tomatoes of mammoth size—five of them forming one cluster—and with a color that would put to shame a maiden's cheek. The tomatoes were the product of Mr. Worth's own garden in which he takes great pride.

A permanent organization of the Baptist Sunday School workers of the city was effected last night by representatives of the three congregations in Wilmington, who assembled at the First Church in mass convention. The next meeting will be with Brooklyn Baptist Church during the month of August.

AFTERMATH OF STORM.

The Searchers Found Three Dead and Fifty Injured.

(By Wire to The Morning Star.)

Gettysburg, Pa., July 24.—An all night search throughout Camp Hayes, where the 10,000 men of the National Guard of Pennsylvania has been in camp for over a week, and which was last night visited by a terrific electrical and windstorm, shows that three soldiers were struck dead by lightning and that nearly half a hundred other persons were injured. It was probably the wildest night the historic battleground has experienced since the memorable days of July, 1863.

The cots of the hospital tent are filled with the injured, some of whom are women and children who had been visiting the camp. The ten which Governor Stuart had been occupying during the week's encampment was blown down and the Governor and those who were his guests at that time were buried under the canvas.

To add to the excitement the tall iron flagstaff in front of the tents of Governor Stuart and General Wiley was struck by lightning stunning several members of the Governor's staff.

The three guardsmen who lost their lives were killed in different places. Barbe was sitting in his tent with another soldier when he was enveloped in a blue flame following a terrific crash and he fell dead. The other soldier was only stunned.

FINE BILL AT THE BIJOU.

Japanese Butterflies Highly Colored—"A Nobleman's Rights."

Something especially pleasing to ladies and children will be offered at the Bijou today in a highly colored film of the "Japanese Butterflies," while as a regular offering there will be the story of a cruel nobleman riding through his vast domain and collecting taxes from his impoverished tenants.

Cattle and horses are taken when the people are unable to pay and they are left to starve while filling the bottomless coffers of their lord. From house to house the haughty landlord is followed until from one of the most prosperous of his vassals he takes an only daughter to his castle. The infuriated ruler has the father tied and flogged when he protests. Rescued at length by his son the outraged tenant rushes from farm to farm and the people rise in their indignation. The unsuspecting tyrant is captured and is about to be stoned when the captive's husband rushes to the scene. She has been good to the peasants who doff their hats and the nobleman is saved from the jaws of death but is taught a very wholesome lesson of the evils of his brutality, swearing before the crucifix that his life will henceforth be one of kind and noble deeds.

For the colored slide two Japanese artists having drawn a silk worm on a screen are surprised to see it spring to life carefully spinning its cocoon and is soon hidden in a silk prison from which emerges a beautiful butterfly. The course of the butterfly is then followed in a beautiful blending of colors and the scene goes off with the beautiful execution of a dance, showing a thousand butterflies rising towards heaven. This is a magnificent display of colors of great beauty.

GOULD DIVORCE HEARING.

Several Witnesses Submitted Evidence—Allege Conspiracy.

(By Wire to The Morning Star.)

New York, July 24.—With Frank Jay Gould, the millionaire, in court, the hearing of the alleged conspiracy to manufacture divorce evidence against him was begun this afternoon. He had been subpoenaed by the lawyers for the three prisoners in the case of Mrs. Ben Teal, Miss Julia Fleming and Detective Mousley and for nearly four hours he sat beside his counsel listening to the remarkable testimony that was given.

There were three important developments in the case. The first came when Lawyer Carpet, who appears for Miss Julia Fleming, announced that his client made a confession. The second came when the lawyers for the defense sated that they intended to show that Miss Mabel McClauslan, the milliner's apprentice, who accused the defendant with having bargained with her to sign an affidavit against Mr. Gould, had gone to Mrs. Ben Teal with a story that he had evidence against Mr. Gould which she wanted to sell to Mrs. Gould's lawyers and she thought Mrs. Teal could tell her who to go to. The other sensation was the announcement that Miss Fleming, who is still a prisoner in the Tombs, is to be married tomorrow.

Mrs. Ben Teal, wife of one of the most prominent theatrical managers in America, and the principal figure in the case, was accompanied to court by her husband and two women friends. She was stunningly gowned and tried to bear up bravely while Miss MacCauslan was telling her story of the alleged conspiracy. But by the time the hearing was adjourned for the day she was on the verge of collapse.

At the opening of the hearing Assistant District Attorney Hart informed the court of Miss Fleming's confession. He said tha he had also obtained a statement from Miss Blanche Hale, a young woman who will later figure in the case, corroborating Miss MacCauslan's affidavit. He said that the statements of Miss Fleming and Miss Hale would not be used at the present hearing as he considers that he has enough evidence to warrant the holding of the prisoners for trial.

THE SHEMWELL CASE

Hearing Postponed in Greensboro on Thursday—Bond Given at Once.

(By Wire to The Morning Star.)

Greensboro, N. C., July 24—Mr. Baxter Shemwell, of Lexington, accompanied by the latter's attorneys, Messrs. E. E. Raper and T. E. McCrary, reached Greensboro on train No. 36 late yesterday afternoon and went immediately to the office of Justice Collins, where ex-Judge W. J. Bynum, Jr., who had been retained by the defendant, was in waiting. The prosecution was represented by Messrs. John N. Wilson and G. S. Ferguson, Jr., attorneys for the Southern railway.

The defense requested an immediate hearing, but on account of the absence of witnesses, the attorneys for the prosecution stated that they were not ready to go into a trial. Justice Collins thereupon continued the hearing until Monday afternoon at 2:30, holding Mr. Shemwell under a bond of $1.000.

RENSSALAER IS SANE.

He Was Examined at Bellevue Hospital Yesterday.

(By Wire to The Morning Star.)

New York, July 24.—John A. Van Renssalaer, a member of one of the oldest New York families, who was arrested several days ago, charged with sending a threatening letter to his mother and who was sent to Bellevue Hospital for observation, was today adjudged sane. Van Renssalaer will be sent to the Tombs for a final disposition of the case.

Announcement was made yesterday by Chairman James A. Ross, at Buffalo, N. Y., that the officers and members of the National Negro Democratic League general committee and presidents of Democratic League Clubs will meet in Chicago Thursday, August 6, a the Keystone Hotel, to further the plans of the campaign, issue a proclamation to the colored voters of the country and name the place and date of holding the quadrennial National Convention.

SHIPPERS HOLD CONFERENCE

Will Discuss Increase in Freight Rates With Railroad Presidents.

(By Wire to The Morning Star.)

Chicago, Ills., July 24.—Shipping interests of the entire country, represented by a committee, especially appointed at a general conference of shippers held recently in Chicago decided at a meeting here today to ask President's of Eastern Railroads to meet them to discuss the proposed increase in freight rates. It was the unanimous opinion of the committeemen that before beginning a fight against the increase, it would be wise to bring about such a meeting with the railroad officials if possible, at the same time asking them to put no advances in effect until after the conference had been held. W. C. Brown, Senior Vice President of the New York Central Lines is said to have expressed willingness to agree to the plans of the shippers.

COTTON STATISTICS.

New Orleans, July 24.—Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 2,121,478 against 2,266,557 last week and 2,961,536 last year. Of this the total of American cotton is 1,307,432 against 1,400,111 last week and 1,789,536 last year and of all other kinds including Egypt, Brazil, India, etc., 814,046 against 866,046 last week and 1,172,000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and Continental Europe 1,266,000 against 1,781,000 last year; in Egypt 90,000 against 52,000 last year; in India 402,000 against 697,000 last year, and in the United States 363,000 against 421,000 last year.

NEW YORK GOVERNORSHIP

Governor Hughes Announces That He Will Accept a Renomination if Tendered Him—His Reasons For Changing.

(By Wire to the Morning Star.)

Saranac Inn, N. Y., July 24.—Governor Charles E. Hughes will accept a re-nomination if the Republican party of this State desires him to again be its candidate. In a statement made public tonight the Governor so declared himself. He says the personal reasons which prompted him to say privately some time ago that he did not desire a renomination are not controlling and that "if renominated I ought to accept."

The Governor's statement in part follows:

"Some time ago I said privately that I did not desire a renomination and that I felt that I could not undertake to serve a second term, this, however, was for reasons entirely personal. Upon further reflection I am convinced that I have no right to regard these reasons as controlling, and that if renominated I ought to accept.

"But it is my desire that the will of the party to which I belong should be freely expressed and that it shall take such action as shall be most closely in accord with public sentiment. I believe that the people thoroughly understand the principles which I have sought to apply in administration and if they so desire, I shall regard it as a privilege and a duty to continue office for another term."

The Governor declined to make any further comment for quotation, but made it clear that he regards the policies he has pursued since he assumed office on January 1, 1907, as a cause which should be continued. As he is sponsor for them many of the Governors friends have expressed the opinion in letters to him that they can be carried out better if he is elected for another term.

THE WEST POINT HAZERS

The Suspended Cadets Lay Their Case Before Secretary Wright.

(By Wire to the Morning Star.)

Washington, D. C., July 24.—Secretary of War Wright, who returned today from a trip of inspection of the maneuver camp at Chattanooga, Tenn., received a call from the eight young men, who as cadets at the military Academy at West Point have been found guilty of hazing and sentenced to dismussal. Mr. Wright had not had time to examine the report which had been submitted to him. After a few minutes informal talk with the young men, all of whom, the Secretary said subsequently, impressed him as bright, manly fellows, Secretary Wright said: "Now, honest boys, tell me just what you did to get yourselves into this scrape?"

Cadet Rossell, an honor man of the first class and a son of Lieutenant Colonel William T. Rossell, of the Engineer corps of the army stepped forward as spokesman. He said perhaps he had been more to blame than any of the others, but he felt that none had committed serious offenses. He explained frankly and briefly the nature of their hazing of the plebes. "Brazing" Rossell explained, was an exaggerated form of bringing the plebe "attention." He said that all of them had been through such an experience which, far from being brutal or humiliating, tended to make the right sort of men of cadets. Secretary Wright informed the young men he would give careful attention to the report and take their cases under advisement.

BISHOP POTTER'S FUNERAL

Simple and Impressive Held at Historic Christ Church.

(By Wire to the Morning Star.)

Cooperstown, N. Y., July 24.—The funeral of Bishop Henry C. Potter, seventh Protestant Episcopal Bishop of the Diocese of New York was held in this village this morning. The services were in the historic Christ Church, where James Fenimore Cooper worshipped in his lifetime, the body of the prelate being borne from Frenleigh where he died, through the churchyard, where Cooper lies buried. The weather was perfect and nature aided in bestowing a serene beauty upon the simple, yet impressive service.

Officiating at the funeral were Rev. Ralph Birdsall, rector of Christ Church, Cooperstown; Rev. Percy S. Grant, rector of the church of the Ascension, New York; Canon George William Douglas, D. D., and Arch-Deacon George F. Nelson, D. D., of the Cathedral of St. John The Divine, New York, together with the Right Rev. Charles Tyler Olmsted, D. D., Bishop of Contral New York.

Following the services a special train bearing the funeral party and the casket left Cooperstown for New York at 12:30 o'clock.

NORFOLK WOMAN DEAD.

Miss Amanda Moss, Who Was Shot by Rejected Sweetheart.

(By Wire to the Morning Star.)

Norfolk, Va., July 24.—Miss Amanda B. Moss, who was shot last night by Benjamin Gilbert, her rejected sweetheart, died this afternoon at 5:30 o'clock. The police immediately charged the young man with murder and he will be given a preliminary hearing tomorrow morning in the police court.

Harry K. Thaw suffered an attack of stomach trouble yesterday which became so serious that Dr. John A. Card, a local practitioner, was summoned, but when he reached the jail he was not permitted to see Thaw at once, Sheriff Chanler having directed that the regular jail physician be present during Dr. Card's visit. Dr. Card waited for the regular physician and then together they visited the prisoner. Thaw's condition is not such as to cause any alarm.

The Italian ambassador in speaking of the action of the Richmond, Va., authorities in refusing to grant liquor licenses to Italians and other foreigners, stated that while he had no formal expression to give, for the present, if the matter is not settled within a reasonable time, he will take some further action as he considers the treaty rights between the governments above the State and city ordinances.

TIME AT THE POLES.

It Is Practically Any Hour of the Day You Please.

Those who are conversant with the use of globes know that all the meridians of longitude starting from the equator converge toward and meet at the poles. They know, too, that longitude signifies time and that difference of longitude is difference in time. They know very well that when it is noon in London it is about 7 o'clock in the morning in Boston, and that when it is noon in San Francisco it is about a quarter past 3 in the afternoon in New York.

Now, as the meridian of London extends to the north pole, it necessarily ensues that when it is noon in the English capital it must also be noon at the north pole. In a similar manner when it is noon at Boston, or in San Francisco, or at Pekin, or any other place situated in the northern hemisphere, it follows that it must also be noon at the pole, because all the meridians of those places unite at the north pole. Therefore it is noon all day long at the pole.

Thus there is an entire absence of time at the pole. But it would be just as correct to say that it is a place where there is a preponderance of time, for it is practically any time of day during the whole twenty-four hours or, indeed, through the year. In fact, a resident at the north pole could make it any time of day he might choose to select, with the consciousness that it would be the right time.

A POET'S DIET.

Byron's Strenuous Efforts to Keep Himself From Getting Fat.

"You mention Browning's idea that starvation was the cure for all the ills of the flesh—his own, at any rate," says a correspondent. "Browning was not the only poet with peculiar views on the subject. One of Byron's chief fears was that of becoming fat, and to avoid it he often resorted to extraordinary systems of diet. At Athens he lived mainly on rice and vinegar and water. Later he confined himself to six biscuits a day and tea. In 1816 he had so restricted his diet that he was obliged to keep down hunger by chewing mastic and tobacco. 'Don Juan' was 'written on gin and water.'"

Byron, it has been pointed out, was one of those foredoomed by their constitutions to fatness in middle life, whether they eat much or little, and his victory over nature in this respect—for he succeeded in reducing himself by these violent methods—has been quoted as one of the most remarkable achievements of the human will, considering all the circumstances. It must have been bitter to him to see such a man as Beau Brummel, who ate and drank freely and took no exercise, retaining without an effort all the elegance of figure that was his greatest gift. No wonder Byron's was the poetry of gloom.—London News.

A Fearful Duel.

The most terrible duel fought at any time in Paris was the one between Colonel D., an old Bonapartist officer, and M. de G. of the Gardes du Corps, a mere youth, but of herculean strength. The two men, lashed together so as to leave their right arms free, were armed with short knives, placed in a hackney coach and driven at a tearing gallop around the Place de la Concorde. They were taken out of the coach dead. The colonel had eighteen stabs, the youth only four, but one of these had pierced his heart.

A LETTER TO ROOSEVELT

Cincinnati Men Want to Know If He Intends to Enforce a Court Order Forbidding Railroad to Increase Rates.

(By Wire to the Morning Star.)

Cincinnati, O., July 24.—Brushing aside all intermediate modes of action, the Receivers and Shippers Association of Cincinnati has carried its war against a general increase in freight rates directly to the President of the United States.

A communication was forwarded to President Roosevelt last Saturday at Oyster Bay and made public here tonight, asking the Chief Executive whether he intends to enforce a decree issued several years ago against certain railroads forbidding increase in rates. If so, he is asked at once to cause the Attorney General to bring proceeding for contempt against the Missouri Pacific Railway Company and the Chicago, Rock Island and Pacific Railway Company.

Denying that politics has anything to do with the letter at this time, it is explained that because of the fact that certain general increase in freight rates are to become effective on August 10 on certain roads, prompt and positive action became necessary. In conclusion the letter says:

"This association stands for a square deal for the carriers. It believes that their property rights should be protected the same as the property rights of individuals; but we are unalterably opposed to any policy of the carriers which has for its purpose the ignoring of our courts and the placing of themselves above the laws of the land. If they expect the protection of the laws and the courts, they must show wholesome regard for the law and respect the decrees of the courts. If the Missouri Pacific and the Rock Island deliberately ignore this solem mandate of the courts and continue in an unlawful manner to burden trade and commerce among the States by continually increasing rates, the question arises:

"Is there no power in this land sufficient to reach railroad companies that recklessly brush aside the decrees of our courts?

"This association believes that you will in carrying out your policy for the strict enforcement of the law, see to it that these two railroad companies are required in the future to observe this decree."

SPIRITS TURPENTINE

Clinton Democrat: The old iron on the Clinton-Warsaw b anch is being taken up all the way, and heavier grade put down. The work is now going on, and we rejoice in it, for the road has been in need of improvement for a long while.

—Clinton Democrat: Some two weeks ago a sturgeon was found dead in Stewart's creek, Turkey township, at Mr. W. R. Corbett's place; Masters Claud Corbett and Amos Johnson making the find. It was 5 feet, 10 1-2 inches long, and would probably have weighed 75 or more pounds.

—Columbia State: That the work of double tracking the Southern between Greensboro and Danville will be continued beginning August 1st, entailing an expenditure of $12,000,000 and the employment of from 5,000 to 8,000 men steadily, there is little doubt. Railroad authorities, although reticent about discussing matters, practically confirmed the persistent rumors that the work will be continued in a short time.

—Tarboro Southerner: Miss Roberson was hit by a stray bullet last evening while standing on the rear porch of the home of E. L. Roberson in company with Mrs. S. N. Harrell and Mrs. A. M. Fairly. The bullet struck Miss Roberson on the shoulder and fell to the floor, having been spent in its course before reaching her. Fortunately the bullet which was shot from a 32 calibre revolver only bruised the skin.

—Asheville Citizen: In Asheville lives a lady who, if not entitled to the prize for maternity, should certainly take a high rank in any such contest. Mrs. Flora Brown, who lives on Williams street, has been the mother of 18 children. Of this number there were four sets of twins. This record is certainly an unusual one, but it is made far more remarkable by the fact that Mrs. Brown is now but 38 years of age.

—Kinston Free Press: A Greenville visitor to the office this morning, informed the Free Press of a narrow escape from drowning at Morehead that Mr. Blackburn, a tobacco auctioneer of Greenville, encountered Sunday. Mr. Blackburn was leaning on the deck rail of a sharpie returning from a trip to the surf, when the boat took a sudden dip and Mr. Blackburn went in the brine deep. A box was thrown him and he managed to keep afloat until rescued. During the efforts at rescue, he was run over by the boat several times.

—Winston Republican : Some 15 years ago one of Winston's tobacco manufacturing firms had certain fixtures installed and a Northern firm sent men to do the work. When they departed a box of tobacco was missing. One day the past week a letter was received with a money order for $4 enclosed, stating in substance how the tobacco had been taken by the writer, one of the workmen, and how God had since forgiven his sins and the money was sent in a spirit of restitution. The money will be returned with the wish that it be used as the man desires to advance the principles of honesty and the cause of Christianity

—Winston Sentinel: Mr. R. H. McNeill, attorney of record, and Messrs. Butler and Crosthwaite, associate counsel, all of Washington City, representing the John W. Gray estate, and Mr. George H. Lamar, representing the department of ju tice, are in Statesville taking testimony in the famous case of John H. Gray, administrator of John W. Gray, asking the payment for property destroyed during the civil war. Mr. John W. Gray owned two-thirds interest in the Troy cotton mills, which were located at Eagle Mills, Iredell county, near the Davie line, and during the civil war Stoneman's army destroyed the mills and machinery, three large warehouses and six hundred bales of cotton, and it is for the destruction of this property that the claim of $175,000 is asked.

—Mooresville Enterprise: On Wednesday, 8th, a hound dog belonging to Mr. John Gardner, near Coddle Creek, attacked him. He noticed something wrong with the dog and attempted to escape by climbing a tree but before he could get beyond reach of the canine he was bitten in the foot. The dog was killed by some one who came to the rescue and Mr. Gardner went to Charlotte and had a madstone applied. He thinks he is getting along allright. Friday following, 10th, Mr. R. L. Smith, who lives on Mr. R. A. Stowe's farm about two miles from Mooresville, noticed one of his hound dogs acting queer in the yard. Mr. Smith went to him and upon taking hold of him the dog caught him in the arm, near the elbow, making a bad wound. Mr. Smith decided that the dog had rabies and secured his gun and killed it. He immediately boarded the train and went to Charlotte where the madstone was applied which stuck for over an hour. Mr. Smith now thinks he is safe.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, July 24.—The cotton market had rather an irregular day, but showed a generally steady undertone, with the close steady, net 3 points lower to 7 points higher. Sales were estimated at 100,000 bales. The market opened steady at unchanged prices to a decline of 6 points in response to poor cables, good weather and scattered bear pressure. At the decline there was moderate support from bull interests whose purchases of August recently are estimated at about 15,000 bales, leading to a rumor that the Wall Street longs intend to make up cotton on contract next month. This idea seemed to check bear pressure and during the middle of the day the market advanced with August leading the upward movement and selling 10 points net higher while later months at one time showed a net gain of 4 to 6 points. The close was off from the best under realizing with August remaining relatively firm. The active new crop months closed about one point lower to 2 points higher. Southern spot markets officially reported were unchanged to 1-16c lower. Weather and crop advices were generally bearish and the trade is evidently convinced that the Government bureau report to be published on July 31st will show a further improvement in the condition of the crop. Nevertheless the Wall Street bulls appear confident of their position and support from that source was in evidence on all the soft spot in today's trading.

Receipts at the ports today 5,000 bales against 3,259 last week and 890 last year. For the week 25,000 bales against 25,004 last week and 7,953 last year. Today's receipts at New Orleans 1,329 bales against nothing last year, and at Houston 1,890 bales against 542 last year.

Spot closed quiet; middling uplands 10.80; middling gulf 11.05; sales none. Futures opened and closed steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, July 24.—The local market possesses all the phases of a between seasons quiet in both primary and jobbing houses. There are notable instances, however, where a very satisfactory business is being done. There are rumors that a large auction sale of dress goods will take place in the near future. Yarns are easier but business is quiet.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star)

New York, July 24.—Speculative liquidation on a large scale broke prices of stocks badly today. The fall was gradual and restrained in the early stages but became more precipitate as it progressed, uncovering stop-loss orders. Knowledge of the existence of such orders emboldens the professional operator to make sales and to offer concessions in prices in making these sales thus forcing declines. Speculative liquidation and short selling have been in evidence before this week but they were overcome by the force of the buying demand.

It was in this respect that the market showed a notable change today, the buying orders, except at prices below the opening level, showing a material shrinkage. The order from President Roosevelt to push a re-trial of the Standard Oil case was a professed motive for much of the selling, especially amongst those who had bought stocks largely on the ground of the decision in favor of the Standard Oil Company. The buying demand prompted by that decision was fed by realizing sales yesterday and the day before by those who had bought stocks at a lower level. The digestion of profits in that way is supposed to have been very large and to represent more over, the passing of stocks from the hands of the powerful group, which have fostered the advance into those of scattered holders, much less wealthy and much less skilful and practiced in the conduct of speculative operations and the manipulations of prices. The nature of the reports put in circulation to sustain the upward movement has pointed to the excess into which it was running. Yesterday's report for instance, that the United States Steel subsidiary officials were meeting here to concert measures for starting up the full capacity of the companies, was met by the formal statement by President Corey that the present activity of the plants represents 95 per cent. of its capacity. The day's news offered little change in general conditions. The week's currency movement indicated another huge accession to the cash holdings of the local banks, the sub-Treasury operations and the movement on balance from the interior indicating an increase of about $10,000,000 for the week. The stock market was quiet in the latter part of the day but showed no effective recovery, the day's losses running quite generally from 1 to 3 ponits.

There was a pronounced contraction in the volume of the bond market and the tone was easy. Total sales par value $3,020,000. U. S. 2s registered declined 1-8 in the bid prices. Total sales stocks today were 775,900 shares.

BRYAN GREETS OMAHA DEMOCRATS

Says Republican Party in More Divided Than in Sixteen Years.

ON HIS WAY TO CHICAGO

He Recites the Responsibilities That the Republican Party Will Have to Shoulder During the Coming Campaign.

(By Wire to The Morning Star.)

Omaha, Neb., July 24.—William J. Bryan left Lincoln at 4:30 P. M. today for Chicago. He was accompanied by former Governor John Osborne of Wyoming. Mr. Bryan was greeted by a large crowd at Omaha. Although protesting that this was not a speech-making trip Mr. Bryan was induced to mount a baggage truck at the station and address the crowd. He was introduced by Congressman John Sharp Williams, who is here to address a meeting of the Dahlman Democratic Club. Mr. Bryan said he would wait until after his formal notification before taking up the discussion of party policies.

Mr. Bryan spoke as follows:

"I want to say to you that it 12 years now since Williams began introducing me and he has been at it off and on ever since. If all the States would do as well as Mississippi has done I would long ago have been retired to private life after being President for four years, for Mississippi was the one State in which I carried every precinct and the returns now indicate that I may reasonably expect the electoral vote from there this year.

"I am in rather an embarrassing position. I have not been notified of my nomination as yet and it would not be proper for me to enter upon a discussion of policies until the platform is formally presented to me and I have been officially notified that I have been nominated. It would not be proper for me to make any speeches and yet I can say to you confidently that some intimations I have had I know enough to say that our platform is a good platform and the surprise in the announcement will not be as sudden as it might be.

"In the course of the campaign I shall have opportunity to discuss the various questions at issue but I shall not enter upon that discussion now. I will from time to time get reports from various sections. In fact they are coming now and the reports indicate that the Democratic party this year is more united than it has been since 1892 and that in itself is a good omen for the Democratic party if united has very close to a majority of votes in the United States if not an absolute majority.

"Then, too, the Republican party is more divided than it has been in the last 16 years and that is encouraging to the Democratic party. There are more elements working in our favor than we have known before.

"The Republican party has a larger load to carry than it has had to carry before. It has, for instance, enormous appropriations to carry; it has a deficit to carry and it has a panic that it cannot lay on anybody else. The Republican party has to shoulder the responsibility and it is going to have a more difficult time than usual.

RIOTING IN INDIA.

British Troops Fire Upon Strikers With Many Casualties.

(By Wire to The Morning Star.)

Bombay, July 24.—The 20,000 mill hands who went on strike yesterday, started to riot today and a detachment of British infantry was called out to put down the disorder. It was found necessary to fire and as a result one native was killed and six were wounded. Several members of the European and native police forces sustained injuries. The rioters were quelled for the moment and dispersed.

The mill hands went out yesterday to demonstrate their sympathy for Tilak, the National leader, and editor, who was sentenced a few days ago to transportation for six years on the charge of sedition.

There was a renewal of the outbreak this afternoon. The mob spread over the mill district and held up the Poona Mail train. They finally had to be driven off by volleys from the military. Europeans were jeered and stoned whenever they appeared on the streets and the police and troops to make rescues are frequently obliged to use their revolvers.

A mob bombarded the office of a police magistrate with heavy paving stones. The volunteer rifles were called in to the rescue and fired on the natives. Five men are known to have been killed and 43 were wounded.

TROOPS ON GUARD.

To Prevent Further Outbreaks Between Americans and Italians.

(By Wire to The Morning Star.)

Natalbany, La., July 24.—A company of State troops from Jefferson Parish arrived here tonight as a protection against further outbreaks of racial antagonism between Italians and Americans. The troops were ordered out by Governor Sanderes at the request of Sheriff Saal, after the dynamiting of an Italian store here today.

George and Tony Lambiasi, accused of the murder of the American youth Walter Simmons, have not yet been captured, a fact which has served to keep many members of the American population in a menacing frame of mind. Threats have been made that Italians will not be allowed to return here until the accused are captured.

THE AMERICANS' GREAT VICTORY

In Yesterday's Contest in The Olympic Games in London.

THE EVENT OF THE GAMES

Winning of the Great Marathon Race. 58 Men Representing Several Nations in the Contest—America's Victory Surprise.

(By Cable to the Morning Star.)

London, July 24.—It would be no exaggeration in the minds of any of the 100,000 spectators who witnessed the finishing struggle of the Marathon race at the Olympian Arena today to say that it was the most thrilling athletic event that has occurred since the Marathon race in ancient Greece where the victor fell at the goal and with a wave of triumph died.

The veteran athletes of Europe, America, Africa and Australia, who have seen the greatest struggle of every sort on land and water for athletic supremacy, declared that there was nothing comparable to the great race today within their memories or in the other Olympians since the modern cycle of these began. It was the spectacle the like of which none living had ever seen and none who saw it expect ever to see it repeated. The race itself, with 58 of the best men winnowed from the runners of four continents competing, the arena in which it was finished in the presence of an enormous cosmopolitan assemblage with the Queen of England, the royal representatives of several nations and hosts of finely dressed men and women from the most fashionable circles of Europe, as well as several thousand Americans and the dramatic and exciting denouement at the end combined to make an historic day.

It was an American day and the resentments of yesterday which rankled strongly in the breasts of Americans here when they left the Stadium this afternoon were forgotten not only in the victory of John F. Hayes, the Irish-American Athletic Club runner, but in the splendid record made by the other Americans who were well to the front in the line of those that finished.

Since the beginning of the Olympic games the great rivalry has been between England and America and while the minor competitions on the track and field in which the two nations specialized, were fought out, Englishmen consoled themselves for all the American successes by the thought that in the domain of long distance running they always had been supreme, and whatever prizes they failed to grasp in this the Colonials would pick up.

The sequel may be told briefly. Six Americans started in the Marathon race and nine English runners. Of the first ten men to reach the coveted goal, four were Americans. The second man was Hefferon, of South Africa. He was the oldest among the runners, having 34 years to his credit and he made a remarkable pace almost to the end of 26 miles of the struggle, but Hayes, the American, was the better man. Friends of Hefferon explain that he is at his best at 40 miles and that today's event was too short for him, but certainly he is one of the most wonderful runners in the world.

New York, July 24.—Hayes, the winner of the Marathon race today, is 25 years old and is employed in a New York department store. He is not new to long distance racing, having won the 25 miles Marathon race in Boston last year. In that contest as today he ran a strong race from start to finish and was in good condition at the end of the long journey. He is a member of the Irish-American Athletic Club.

TAFT IN NEW YORK.

Meets Party Leaders—Off For Cincinnati to Receive Committee.

(By Wire to the Morning Star.)

New York, July 24.—The Republican leaders of the city were fully alive to their opportunity today to make the personal acquaintance of their candidate for the Presidency, and when William H. Taft leaned back in his Pullman seat late in the afternoon to begin his journey to Cincinnati, he had shaken the hand of practically every district leader in Greater New York, a number of State leaders and had conversations with politicians of varying degrees of prominence to the number of several hundred. "It has been a day of acquaintance making." was Mr. Taft's comment after the impromptu reception was over. "There is no political significance to be attached to any of the interviews I have had. It is a little too early for me to get reports of the situation in the State but from what has been told me by the men I have seen, satisfaction seems to be the prevailing state of mind."

It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike County, O., says of Dr. King's New Discovery: "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at R. R. Bellamy's drug store. 50c. and $1.00. SULTAN CONVOKES A PARLIAMENT

Yields to Demand of Young Turks and Restores Old Constitution.

CAME AS GREAT SURPRISE

An Account of General Revolt in Turkish Army, It Was the Opinion That a Reform Was Inevitable—Rejoicing.

(By Cable to the Morning Star.)

Constantinople, July 24.—Startling as was the sudden dismissal of Feris Pasha from the grand viziership and the appointment of Said Pasha in his place, this step was as nothing compared to the sensation created in all quarters this morning by the official announcement that the Sultan had decided to convoke a parliament.

It was felt that in view of the general revolt in the army unprecedented in the history of the Turkish Empire, some change was inevitable, and that far reaching measures of reform in the central Government were bound to be inaugurated. But the drastic action of the Sultan, who took the reins in his own hands and by the stroke of a pen suddenly yielded to the demands of the young Turks and restored the constitution of 1876, has taken the palace clique, the members of the diplomatic corps, in fact the entire population of Constantinople, completely by surprise.

The immediate cause of he Sultan's raising of the white flag was the receipt of a telegram addressed to him from the Albanians of Uskub informing him that they had taken their oath to favor the re-establishment of the constitution. This message landed like a thunder bolt at the Yildiz Kiosk. The Sultan had been under the impression that he could depend upon the Albanians under all circumstances. Ferid Pasha, who is an Albanian, had fostered his concert. When the facts became known the wrath of the Sultan immediately fell upon his favorite, who was summoned to the palace and dismissed on the spot.

Saloniki, European Turkey, July 24.—An imperial firman restoring to Macedonia the constitution of 1876, was read in this city publicly today in the presence of civil and military authorities and before an immense and orderly crowd. Great enthusiasm prevailed and there were wild manifestations of joy. Muchier Pasha and Hilmi Pasha, aides De Camp to he Sultan, were among the officers who spread the good news. The people of Saloniki are parading the streets and shouting "long live liberty."

Monastir is completely in the hands of the young Turks. Marshal Osman Feizi Pasha, Commandant of Monastir, was abducted during the night and carried off to Ochrida, in Albania where he is now in the hands of Niazi Bey, leader of the young Turkey party.

Seres, Prisrend, Kossovo, Vodena, Kastoria, Ellasona, Serfidji and Gerbena, all in European Turkey, have joined in the liberty movement, while 100,000 Albanians have proclaimed themselves as in favor of the constitution.

PLAINS OF ABRAHAM

Historic Battlefield Scene of Quebec Celebration Yesterday.

(By Wire to The Morning Star.)

Quebec, July 24.—The Prince of Wales has had another day of strenuous activity beginning this morning with a grand review of the troops, sailors and marines on the Plains of Abraham, then officiating as the title deeds of this historic battlefield were turned over as a permanent memorial, between times attending gala luncheons and dinners and finally tonight mingling with the gay throngs of beautifully dressed women at the State ball at the parliament buildings, which is the chief social function during the Prince's stay.

The grand review of the Military and Naval forces was the spectacular feature of the day. The forces assembled on the plains far exceeded the armies of Wolfe and Mont Calm, which fought for mastery over the same grounds, the aggregate today numbering 23,000 while the spectators raised the assemblage to upwards of 50,000. A vast hollow square enclosed the reviewing grounds, sloping up from the cove where Wolfe's men gained the heights and wrested the field from the French. Spread out over the plain were the troops and bluejackets, a glittering assemblage of red coats, grenadiers, highlanders and the mounted cowboy forces of the Northwest. The 500 American sailors and marines from the New Hampshire showed to good advantage, their steady marching winning a full share of cheers.

The American sailors wore yellow leggings and natty white duck hats which contrasted with the straw hats of the British tars and the top-knot caps of the French sailors. The review was the most extensive ever seen in this country and one of the largest in time of peace ever held in America.

Following the review the Prince formally transferred the battlefield to the Governor General as a lasting public memorial. Heretofore it has been owned in parcels by private parties.

The American officers gave a dance this afternoon on board the New Hampshire which was largely attended by officials and ladies.

EMBEZZLER BACK HOME

William F. Walker Stole Over $600,000 and Placed It in Good Investment—Tells Supt. Egen He Will Plead Guilty.

(By Wire to the Morning Star.)

Hartford, Conn., July 24.—William F. Walker, who embezzled $565,000 from the Savings Bank, of New Britain, and about $56,000 from the Connecticut Baptist Convention, reached this city tonight in custody of Thos. F. Egan, Superintendent of the State Police Department. Walker was captured in a mining camp about 100 miles South of Ensenada, Mexico. Walker was locked in the steel cage of the county building and he will be brought before Judge Shamway tomorrow. On his way East, Walker told Egan that he would plead guilty.

Walker when seen by a representative of the Associated Press refused to tell what he had done with the money, saying that he put it into what he considered to be a good investment, his judgment being on a long experience as a successful banker.

Walker was poorly clad. He said that he alone was responsible for the crime he had committed.

Walker absconded from New Britain on February 8, 1907, and was arrested in Mexico on December 10th, of the same year. His fight against extradition has delayed his being brought to this State until now.

DUNN & CO'S. TRADE REVIEW.

Industrial Plants Enlarging Force—No Effort to Get Business.

(By Wire to The Morning Star.)

New York, July 24.—R. G. Dun & Co's. Weekly Review of Trade will say:

Industrial plants gradually enlarge the percentage of active machinery, furnishing more work for wage earners, which stimulated retail trade, while favorable crop progress strengthens confidence in a continuance of recovery in business. New contracts for steel products are being placed with more freedom, and colleries resumed that were closed by the droughth.

Outside representatives of jobbing houses are numerous in he primary market for cotton goods, but operations are restricted, as is customary at this season.

Spinners can see no profit in operations on the present basis and hence make no effort to get the small business that offers. In fact most propositions are rejected, and the absence of concessions prevents any change in nominal quotations, although scarcely any transactions are made on the present basis. Export trade is also stagnant, although there is a little domestic trade in lines usually considered confined to foreign markets.

New England footwear shops are still well occupied, but wholesalers have left the Boston market without placing any large volume of business.

Leather is steady except that tanners advanced prices on heavy oak sole, and higher figures are named for belting butts.
